The company no doubt will have a successful season in this city.

—Next thing to robbing a bird's nest, we think, is to pull up a tree like that a poor boy has placed in the river to catch fish for the market. We are aware that it is against the law to place a "net line" in Rock river, but we believe the statutes are silent regarding a peccol for a wandering boat crew to pull up a line so and cut off the bait, because they failed to get a fish.

—A grand picnic will be held at Pope Springs on next Thursday, under the auspices of the I. O. G. T. and the O. T. of H. To which every one is invited. The steamer will commence running at nine o'clock and will run every hour and a half during the rest of the day. Refreshments will be served on the grounds, a dance will be given in the afternoon and no one present will have cause to complain of a dull time.

—Health Officer Dr. C. P. Robinson informed us this morning that no cases of scarlet fever had been reported to him in the past two weeks. That if there were any now cases were known to the health department, through the failure of the attending physicians to obey the mandates of the law, requiring them to report to the president of the board of health or to the health officer. But very few cases are now known to the health department.

—Reports continue to come in detailing the damage by the storm on Thurs-

OUR CITY SCHOOLS.

Special Meeting of the School Commissioners.

The school commissioners held a special meeting last evening at the common council room, all the members of the board being present except President St. John.

Commissioner Smith was elected president pro tem.

The clerk presented a number of bills which were referred to the finance committee, who reported them correct and the bills were all allowed.

The clerk presented the proposals to furnish the school department with coal for the coming year, and after considerable discussion of details, the matter was referred to a committee consisting of Commissioners Miner and Smith with authority to contract with W. H. H. Macdon for the coal supply on certain conditions, and that the committee have power to employ a competent person to oversee the weighing of the coal.

Clark Wilson stated that he had not notified the teachers of their appointments for the reason that the board had failed to fix the salaries.

On motion of Commissioner Madden, the teachers in the fourth district who taught last term were employed for the coming year.

On motion of Commissioner Bowles the salaries of the teachers were fixed the same as last year with the exception of the principal of the Fifth district which was increased from thirty-six to forty dollars per month.

Commissioner Bowles moved that the clerk be instructed to notify the teachers of their appointments and salaries adopted.

On motion of Commissioner Bowles the old janitors were re-appointed at the same salaries.

Commissioner Wilson stated that he had seven hundred applications for teachers' positions, and twenty-three for the position of superintendent.

Commissioner Bowles moved that the clerk be instructed to ascertain the cost of a furnace for the Fifth district adopted.

The clerk stated that a representative of M. Benner & Company, of Chicago, desired him to bring up the matter of a standpipe and fire escape on the high school building which could be put up for two hundred dollars.

Commissioner Wilson made some points in its favor. No action was taken in the matter.

On motion of Commissioner Bowles the board adjourned until this evening at eight o'clock.

How to Reach the Heart of Colorado.
Colorado has become famous for its marvelous gold and silver production, for its picturesque scenery, and its delightful climate. Its mining towns and camps, its massive mountains, with their beautiful peaks and valleys, lofty snow-capped peaks and low-lying canyons, together with its hot and cold mineral springs and baths, and its beautiful climate, are attracting, in great numbers, business seekers from all parts of the world.

At each of the prominent Colorado resorts are spacious hotels so completely appointed that every appreciable comfort and luxury are bestowed upon their patrons.

The journey, from Chicago, Peoria or St. Louis to Denver (the great distribution point for Colorado), if made over the Burlington Route (O. & N. R.), will be as pleasant and gratifying as it is possible for a railroad trip to be. It is the only line with its own track between the Great Lakes and the Rocky Mountains, and the only line running every day in the year through trains between Chicago, Peoria or St. Louis and Denver.

It also runs through daily trains between Kansas City and Denver. These through trains are elegantly equipped with all the modern improvements, and ride you over a track that is as smooth and safe as a perfect roadbed, steel rails, iron bridges, interlocking switches and other devices, constructed in the most skillful and scientific manner, can make it. At all coupon ticket offices in the United States and Canada will be found on file, during the tourist season, round trip tickets, via this popular route, at low rates to Denver, Colorado Springs and Pueblo, Colorado. When ready to start, call on your home ticket agent, or address Percival Lowell, General Passenger Agent Burlington Route, Chicago, Ill.

If you want a loan of any amount, call on C. L. Bowles.
